

APMG EARNED VALUE™ MANAGEMENT (EVM) 4 DAY FOUNDATION & PRACTITIONER

What is Earned Value™ Management Qualification?

EVM is a management approach which upon incorporating any type of program – provides all levels of management with early visibility into cost and time related problems.

EVM facilitates the integration of project scope, time and cost objectives and the establishment of a baseline plan for performance measurement.

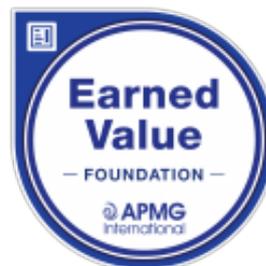

By gaining this EVM Qualification candidates are certifying their ability to:

- Facilitate the integration of project scope, time and cost objectives and the establishment of a baseline plan for performance measurement.
- Demonstrate to stakeholders whether or not they are getting value for money and make suggestions as to how value can be increased.
- Provide an objective measurement of what has been achieved on a project in relation to cost, scope and timescales.
- Enable accurate forecasting for projects and programmes and detailed project comparisons across programmes.

APMG EVM Foundation & Practitioner – 4 days

This combined Foundation and Practitioner course aims to give delegates an introduction to the concepts, benefits, principles, and processes of Earned Value™ Management, how delegates can effectively apply Earned Value™ Management to their own projects, and successfully gain the Foundation & Practitioner accreditation.
