

APMG PROJECT PLANNING & CONTROLS (PPC) Foundation 3-day

APMG Project Planning & Controls (PPC)

Effective planning and control requires an understanding of a clear project definition, supported by a robust approach to planning the project. This, in turn requires the selection and use of appropriate scheduling techniques which are supported by rigorous monitoring for effective proactive control.

The APMG Project Planning & Control course supports the publication of the APM's guide, 'Planning, Scheduling, Monitoring and Control – The Practical Project Management of Time, Cost and Risk.

Our APMG PPC training contains everything a candidate need to gain their APMG PPC Foundation accreditation.

APMG PPC Foundation – 3 days

Our APMG Project Planning & Controls Foundation course introduces and helps candidates understand the tools needed to become an effective and informed member of a Project Support Office or Planning & Control team, and gain the APMG PPC Foundation qualification.

Who is it for?

This course is for:

- Planning Managers & Engineers
- Project Control Managers & Engineers
- Cost Engineers
- Project Managers

Pre-requisites

There are no formal pre-requisites, although delegates would benefit from some experience and understanding of basic planning principles and terminology.

Learning Objectives

Delegates attending the APMG PPC Foundation course will learn and understand:

- The approaches and products used to gain a clear definition of a project
- The approaches and techniques used to plan and close a project
- The selection and use of appropriate scheduling techniques
- The practices used for rigorous monitoring to enable proactive control of the project
- The basis for good record keeping, which also facilitates the virtuous feedback and learning cycle.

How is the PPC Foundation Certification assessed?

Your exam will be:

- Multiple Choice
- 50 questions per paper
- 25 marks or more required to pass (out of 50 available) - 50%
- 40 minutes duration
- Closed book.

Delegates will, throughout the course, be exposed to numerous examples of examination questions, exercises and 'question-and-answer' sessions that will help to consolidate the learning. Thereby ensuring that delegates are more than adequately prepared for the exam.

What is included in the PPC Foundation course?

- Official APMG Project Planning & Controls Foundation exam
- Project Planning & Controls courseware
- Pre-course reading
- Completion certificate
- Experienced instructor

Group Courses

Group courses can be delivered on-site at your premises or at a local venue. In-house training offers advantages over booking public courses including:

- Cost savings
- Avoidance of travel expenses
- Tailoring to meet specific needs.
